Dogs and Cats can be best friends!!

When we welcomed the newest edition to our family, "Narnia" a white Manx cross, we were not sure how our 2 Alaskan Malamutes Tehya and Shadow would react to her. Would they welcome her into their pack or would they feel threatened and jealous of her? Well to our surprise, our dominant female Tehya couldn't care less about Narnia's arrival and will enjoy a sniff and a kiss every now and then. On the other hand, our big goofy fluffball Shadow has found himself a new obsession!! Narnia is now 6 months old and Shadow is still completely amazed by her! We love these photos so much that we needed to share them with you. Who was it that first said cats and dogs are enemies??

We would LOVE to see your amazing pet photos! Please email them to info@pawspetsitters.com.au and you may see them in our next newsletter!
