## Price Rise

Due to an unavoidable rise in overheads, particularly fuel prices over the past six months, Paws Pet Sitters is regretful to inform that we have needed to put our prices up for the new financial year.

The pricing structure has also changed to a fairer system, where you only pay for the amount of work needed by your pet sitter to tend to your pets. We now charge per pet and also a different amount for each type of pet, as we understand that some pets require more attention than others.

To view our new pricelist please go to [www.PawsPetSitters.com.au](http://www.PawsPetSitters.com.au) and click on the "Services & Costs" link.
