

Pet of the Month

Name: Hooch Heffernan
Breed: Bull Mastiff x Bull Arab
Sex: Male
Age: 14 months
Suburb: Northgate

Hi, my name is Hooch and I am the biggest, toughest dog on the block. I like to go for long walks at Nudgee Beach with my girlfriend Keesha. I spend my days digging holes to sleep in and keeping guard of the house. I love being pampered by Paws Pet Sitters, especially when I have my fortnightly hydrobath. When my pet sitter gives me a bath, I return the favour and give her a shower!

How often do you take your dog for a walk?

Even though we all love our four-legged friends, most of us very rarely get the chance to take them for a leisurely walk. This is the sad truth for many dog owners when you think of the benefits that a regular walk provides for your dog (and you!)! It will reduce boredom which leads to destructive behavior, it gives them the exercise they should be getting regularly, they will become more sociable towards other dogs and as a result of all of this – they will be much happier pets! The only problem for most dog owners is that there just isn't enough time in the day (or energy at the end of the day) to give their dog this privilege. Here is your solution – Call Paws Pet Sitters today and we can have your local Pet Sitter walk your furry friend as often as you like! Discounts are available for regular bookings so call us NOW for a quote!

The \$1,000 Pet Pamper Pack Competition is ending very soon!

The \$1,000 pamper pack prize is full of pet services, products, toys and accessories tailored to your type of pet. We believe that pets deserve to be spoiled and this pack will definitely have your pets bursting with joy! Go to www.PawsPetSitters.com.au to enter, but hurry – the competition closes 30 June 08!! Tell your friends!
